

FREIGEIST PIMOCK

FREIGEIST BIERKULTUR • GERMANY

style: Weizenbier

abv: 5.3%

format: 500 ml bottle, 30 Liter kegs

Freigeist brewers Peter Esser and Sebastian Sauer strive to break the chains of the modern mainstream brewing industry by reviving, and updating, Germany's unique, historical beer styles, many of which disappeared only a few decades ago. At a time when the global beer revolution seemed to have been passing Germany by, Freigeist's edgy, challenging-yet-balanced and drinkable interpretations have helped re-establish the country as a major force in brewing.

Weizenbier is an outsider (or "Pimock") in Cologne, as any Bavarian would be. But there is a Rhineland slant to this wheat beer - a Kölsch yeast replaces the traditional weizen one, and an unusually heavy dose of hops is added- resulting in more bitterness than, and none of the typical banana and clove notes typical of, a Bavarian wheat beer.
