## SUMMER HEFE

The North Peak Hefeweizen is an unfiltered, cloudy golden colored beer made with pilsner and wheat malts and Tettang and Hallertau hops. Brewed with a traditional Bavarian yeast strain, this hefeweizen has a huge banana nose with hints of spice and clove.

*Bessie the Yeller Cow was massive lady with dainty proportions. She was the one true love of Babe the Blue Ox and they loved spending their days together. This pretty yeller bovine grazed the fields of the great north and always created a Ballyhoo in the late warm spring, exciting all of the lumberjacks and farmers in the region in anticipation of her grand summer celebration. Though Babe loved the cooler fall and winter, Bessie always longed for her beloved summer months.*

Drawing on 40 years of combined brewing experience, brewers Ron Jeffries and John Walsh collaborate and perfect the North Peak recipes.
