

# ADRIAAN WIT

5.0% alc/vol

Taste the summertime with Jopen Adriaan. Besides wheat and oats, this wheat beer also contains herbs. The result is a fresh and fruity beer with a smooth flavor.

Jopen Adriaan is named after the De Adriaan windmill. This windmill stood on the banks of the Spaarne for centuries and milled grain for use by Haarlem brewers. In 1932, the mill was destroyed by fire. An initiative to rebuild the windmill was sponsored by Jopen through the sale of this wheat beer. Hugely thirst-quenching and ideally enjoyed on a sunny outdoor terrace.
